## DEATH SENTENCE PASSED.

**Sam Lucas To Hang Thursday, September 29th.**

## THE JURY WAS OUT 20 MINUTES

**And Returned a Verdict of Murder in The First Degree—The Verdict Was Not a Surprise.**

As we closed our forms yesterday afternoon Solicitor Bynum was addressing the jury on behalf of the state in prosecuting Sam Lucas for the murder of Henry Wood. The Solicitor was followed by Maj. Chas. M. Stedman, who made a telling speech for conviction. The argument was closed by a masterly appeal for the man's life by David Schenck, Jr.

But the weight of testimony was too plain for the jury and the verdict of guilty of murder in the first degree. This left the matter entirely in the hands of the judge and with him it was only a question of fixing the date for the execution of the prisoner.

This morning the court room was literally packed with humanity to hear sentence pronounced upon the doomed man. His counsel asked the indulgence of the court to allow him to arrange some matters, which was granted, and the court proceeded with the trial of some minor cases. It was ascertained in the meantime that Lucas' wife had arrived and Mr. Schenck asked permission of the judge to allow Lucas to go to his (Schenck's) office to see her. This was granted and in a few minutes the prisoner was returned to the court room.

He wore, as he had all through the trial, an air of stolid indifference. "Sam Lucas, stand up," said the Judge, and the prisoner arose. He was asked if he had anything to say and responded that he had not, whereupon Judge Timberlake sentenced him to be taken to the common jail of the county and there securely kept until Thursday, the 29th day of September, 1898; and on that day to be taken by the sheriff to the place for the execution of criminals and there hanged by the neck until he is dead. The judge closed with the usual "and may God have mercy upon your soul." Aside from this there was no exhortation delivered to the prisoner as to making preparations for death, as is customary.

Thus the scenes are fast closing around another human life and the injunction "an eye for an eye, or a tooth for a tooth" is to be again fulfilled.

**Rev. J. E. Gay in Mt. Airy.**

Rev. J. E. Gay, pastor of Centenary Methodist church, Greensboro, N. C., came up Wednesday to spend a few days. He was the beloved pastor of the Methodist church at this place in 1892 and has as many friends in Mt. Airy as any Minister in the Western conference.

He has a good church in South Greensboro and his members are loyal to him. We are exceedingly glad to see him in Mt. Airy and trust he will enjoy his visit.

He preached Sunday morning and night to the delight of his old congregation at Central church, and both sermons were full of the purest Christian thought.—Mt. Airy News.

**Walter Out of Politics.**

A gentleman who was on the train with Walter Henry the other day says Walter told him he was out of politics—that he had no politics. Walter remarked that he was not making any speeches these days for the reason that he could not do so without "cutting out" the powers that be. In his opinion Russell and his crowd are whop-pin' big rascals—or words to that effect—and he doesn't propose to endorse anything they've said or done.—News and Observer.

**Jim Young Draws the Color Line.**

Since the colored troops have been in camp at Fort Macon, several of the white hucksters have been going over to the camp with watermelons and other fruits to sell to the soldiers, but since the white people of this community have complained so much of the lawless conduct of some of the soldiers from the camp, Col. Young has drawn the line against them, and now no white person is allowed to enter the camp—for any purpose—that privilege being allowed to the colored people exclusively.—Morehead City Pilot.

The Minneapolis mills now make 14,000,000 barrels of flour a year and consume 60,000,000 bushels of wheat.

## CADET WILLIAM E. SHIPP.

**A Tribute to His Memory from Col. John P. Thomas.**

The Telegram is glad to copy the following extract from a letter in the Charlotte Observer from the pen of Col. John P. Thomas, of Columbia, S. C. Read it and resolve that the memory of this splendid man shall be perpetuated by the erection of a suitable monument:

Among the first of the boys of Charlotte to report for duty at the old Carolina Military Institute was the eldest son of my distinguished friend, Judge Shipp, of excellent name and fame in North Carolina. There was no better student, no manlier young soldier than Wm. E. Shipp. Of fine physique, of admirable morals, of marked mental ability, with studious habits, in him I saw the promise of a brave and honorable career in life.

His course at West Point, which followed his training at the Carolina Military Institute, confirmed the favorable impression that he had made upon the mind of his first military teacher.

His career in the United States army was all that could have been expected of a true soldier, brave to do duty and conscientious in all the relations of life.

It was reserved for the noble North Carolinian to crown his life's work with the glory won on the slopes of San Juan, near Santiago de Cuba, on the fateful morn of July 1st, 1898.

The account you publish of "How Lieutenant William Shipp Died" tells the story of the heroic ending of his life in the prime of manhood. The pathos of the narrative must appeal to every generous spirit.

Amid the storm of battle, during a temporary lull, he pens a tender message to his wife, and then, when the fiery wave again rolls over the heights he was ascending at the head of his men; he falls, struck to the heart, waving his saber in the direction of the bloody charge. Thus student and soldier, scholar and warrior, he died in the illustration of pen and sword—message to home and message to country!

Mr. Editor, it is not my purpose to speak of William E. Shipp in elaborate terms. The State that gave him birth and the country that he honored in its army will preserve his memory. My purpose is to recur to the youth of the hero, and to bear my testimony to the high character of the North Carolina cadet who adorns the history of that school of the Carolinas—the Carolina Military Institute, whose golden fruitage has been my consolation and my pride.

## Another Case for the Grand Jury.

Some time ago James Lynn, colored, bought a bicycle from S. G. Blacklock on the installment plan. James paid up as the money came due, for a while, but last Saturday when a payment of three dollars came due and James "came up missing," Mr. Blacklock kept his ears open, and yesterday he learned that there was a negro in Burlington trying to sell a wheel. He telegraphed the authorities in Burlington to "hold the wheel," but didn't care what became of the negro. Officer Scott went to Burlington last night and came back this morning with wheel, negro and all. James was placed in jail for safe keeping.

Officer Scott left at noon today for Siler City to recover a wheel which was stolen from Fred Albright on the 10th of August. It is believed that James stole this and also Mr. Vaughn's wheel, which was stolen a few days ago.

## PHILIPPINE NATIVES UGLY

**Fighting and Rioting Frequent Occurrences**

## ONE AMERICAN HAS BEEN KILLED

**Aguinado Disclaims Any Connection With These Disturbances—The Olympia to be Cleaned.**

By Cable to THE TELEGRAM.

MANILLA, Aug. 26.—There has been a serious clash at Cavite between the United States soldiers and the insurgents, the riot resulting in one soldier being killed and another seriously wounded.

George Hudson, a member of a Utah battery, became involved in a dispute with a native shopkeeper, and fearing trouble fired a revolver to attract the attention of his fellow soldiers. A great crowd of natives ran to the scene, when the disturbance immediately began by the firing of revolvers which resulted in the killing of Hudson and wounding Corporal Wm. Anderson, of the same battery, who also hurried to the assistance of Hudson.

A detachment of the Fourth cavalry was called out and dispersed the crowd who slowly retreated, still firing their revolvers until they were emptied, but without doing any further damage.

The same night a soldier who was on guard duty saw a large body of natives stripping the wreck of a gunboat in Cavite bay. A boat with an armed force put out from the shore. The soldiers hailed the natives who failed to respond, whereupon a volley was fired killing one native and wounding another.

General Aguinaldo denies any connection with these affairs. These fights show the sullen disposition of the natives. It is feared there will be frequent and bitter uprisings. Admiral Dewey has transferred his flag from the Olympia to the Baltimore. The Olympia will go to Hong Kong to be docked and cleaned.

## SPANIARDS GOING HOME.

**Total Made a Farewell Speech—Shafter Has Sailed.**

By Cable to THE TELEGRAM.

Santiago, August 26.—The Spanish transports San Francisco, San Augustin, and Colon, left yesterday afternoon with four thousand five hundred and sixty-eight Spaniards, including fifteen officers and their families and four priests.

Eight men died on the way to the ships. Their corpses were checked off as passengers. It appears that there have been many instances of this kind during the embarkation of the Spaniards. The transportation company is thus enabled to collect passage money for them.

General Toral made a short farewell speech to the soldiers. General Shafter and his staff sailed this afternoon on the transport Mexico for the United States.

## ANOTHER GIANT TRUST

**With Immense Capital is Now in Contemplation.**

By Wire to THE TELEGRAM.

New York, Aug. 26.—A giant flour trust with aggregate capital of over a million and a half dollars, to control the bread and flour supply of the world, is being planned in Wall street, headed by Thomas McIntyre. It is said on the best of authority that the trust will shortly be formed.

## Killed in a Collision.

By Wire to THE TELEGRAM.

Farmingdale, L. I., Aug. 26.—A rear end collision between a Green Point freight and an empty freight special from Camp Wilcox, occurred last night in which the flagman, Percy Schroeder was killed, and the engineer and fireman of the special were injured.

## Murderer Waives Examination.

By Wire to THE TELEGRAM.

New York, Aug. 26.—Dr. Kennedy, the alleged murderer of Dolly Reynolds, waived examination in the police court today, and was held without bail for action by the grand jury.

## Court Adjourned Until Tuesday.

Guilford Superior Court adjourned to-day before noon until Tuesday of next week, and Judge Timberlake has gone home to Louisville, where he will spend Sunday. The criminal docket has been handled in a very satisfactory manner to the public generally. The judge has allowed no time killing by lawyers, clients, witnesses, or anybody else. Lawbreakers will long remember him.

## PUGILIST DEAD.

**Taken from the Ring Unconscious and Never Rallied.**

By Wire to THE TELEGRAM.

New York, Aug. 26.—Alex. Scott, the light weight pugilist who fought with Tommy Butler, at Green Athletic Club, Brooklyn, last night, was taken from the ring unconscious, and died at the Norwegian Hospital this morning, never having regained consciousness. Scott's death was peculiar. He was not trained and in no condition to enter the ring, but put up a good fight till the last few rounds, when he utterly collapsed. The principals have been arrested pending an investigation.

## A PRELIMINARY TREATY

**Between Great Britain and Japan, Boreford's Mission.**

By Cable to THE TELEGRAM.

Paris, Aug. 26.—A despatch from London says that Lord Charles Boreford, to whom has been entrusted a special mission in the far east, is the bearer of a preliminary treaty of alliance, offensive and defensive, between Great Britain and Japan.

Lord Boreford will submit the treaty to the emperor, who is expected to receive it favorably, in which event Boreford is empowered to conclude it.

## THEY TELL AN UGLY TALE!

**Troops Look Weak and Terribly Emaciated.**

## TROOP SHIP HAS GONE ASHORE.

**So Far as Is Known No Lives Have Been Lost—Hard and Fast on the Beach.**

By Wire to THE TELEGRAM.

Jersey City, Aug. 26.—Nearly 1,000 soldiers belonging to New England regiments, have arrived on their way home, a large number of whom were of the First Maine volunteers. Over one-half the total number of troops were ill when they reached here. There have been two deaths since leaving Chickamauga. Several others are believed to be dying.

The troops are all in an emaciated condition and look nothing like the strong and robust soldier boys who passed through here a few months since. They tell of terrible privations, insufficient food and exposure.

## TROOP SHIP GOES ASHORE.

Amagansett, L. I., August 26.—The troopship Prairie, having aboard several hundred sick and wounded Massachusetts volunteers and the Seventh regulars, went ashore last night two miles from Montauk. No lives have been lost so far as known, although the shock to the injured men must have been of the most severe kind. That the accident was not attended by more serious results is due to the prompt action of life savers.

General Wheeler at Montauk was notified this morning that the vessel was hard and fast on the beach, and that her position was unchanged from last night. Lighters are on the way to relieve her of the troops.

## SHIPS ARRIVING.

**The Port of Havana Assuming an Old-Time Aspect.**

Havana, August 25, 8:30 p. m.—The British steamer Trayan, from Jamaica, arrived at Cienfuegos, today, with 900 tons of provisions for the Spanish army. Last night the German steamer Lydia, from New York, arrived. She carried 25 passengers and a general cargo. There have also arrived here the Norwegian steamer Franklin, from Key West, with provisions and 40 passengers; from Nassau the English schooner Belenita, with passengers; from London the steamer Klondike, with barrels of pork, flour, meat, and corn. The steamer Clinton, with Miss Clara Barton, of the American Red Cross Society, has also arrived, with provisions for the society.

Reports from Sagua announce that there is great animation among the tobacco buyers. The arrival of many vessels has given the port and the wharves almost their normal aspect. Nevertheless, sufficient provisions have not yet arrived to supply Havana, let alone the interior towns. Eggs are sold at 25 cents each.

The New York Times, referring to the massive address by the Spaniards at Santiago to the American army says: "A phrase or two in the letter revealed that it was originally written in Spanish, or else by a Spaniard, whose English, while very good, is not quite perfect. This adds to the probability that Pedro Lopez de Castillo does exist, and it also adds to the desire to know more about him—where he was educated, how he came to be carrying a Mauser instead of a sword, and the means he took to secure the right to speak for his companions."

Mattapoisett, the old shipbuilding town of Plymouth county, Mass., is to be connected by trolley with neighboring villages. "Is there no old town sacred from the invasion of the motor-car?" asks a New England journal. "If Mattapoisett—quaint, pretty, pious, teetotally abstinent and colonially artistic Mattapoisett—is to have trolley cars running through its streets, are long they will be turning Independence Hall, Philadelphia, into a department store."

Joseph Jefferson, it is said, was once in urgent need of ready money to hire a wagon while on a hunting and fishing trip in New Hampshire; but, having none, he made out a check for \$2 on a piece of white birch bark. The check was cashed by a farmer, and by him presented for payment at a Montpelier, Vt., bank, by whose officials it was framed. It is kept as a souvenir of the great actor.

Judge Jas. D. Melver, of Carthage, is at the Benbow. He will go over to Wilkesboro tomorrow morning where he is to hold court next week.

is especially trying to the EYES OF CHILDREN

If your child has been showing signs of weak or defective eyes they may be a great deal worse than you have any idea. Better bring her in and have her eyes looked after before school begins. The republican executive committee of New Hanover county have met and resolved against the negro paper, the Daily Record, and its editor. The force of the resolutions, however, is more than counter-balanced by resolutions passed by the Wilmington colored ministerial union, endorsing the paper, its editor and the stand taken. This shows that the negroes in Wilmington intend to assert and maintain their equality with the whites. To this end the colored preachers endorse the base and slanderous article about the white women of North Carolina. The following are the resolutions passed by the colored ministers:

"Resolved, That the Ministerial Union is in hearty sympathy with the efforts of the Daily Record in defending the rights of the race, and that each minister inform his congregation of the present situation and endeavor to sustain the paper by swelling its subscription list and urging prompt payment."

Guilford county is acquiring a reputation for promptness in meting out justice to capital felons. This may be, in a measure, due to a force of circumstances. The Ryan murder was committed on Saturday before court and so was the Lucas murder. They were both promptly brought to trial and as promptly convicted. Ryan was promptly executed and now Lucas lingers in a felon's cell awaiting the fixed day when with a rope around his neck, he will pay the penalty of his crime, and the scenes of this life will close forever, so far as he is concerned. These cases will stand as a warning to others who drink whiskey and otherwise allow the devil to take possession of them and in any way allow their temper and passions to control them. Let it be written in blazing letters: "A man cannot commit murder in Guilford county and live."

The Ohio democratic state convention day before yesterday endorsed the cause of free silver, was unstinted in praise of Bryan, but was non-committal on the war, though the army and navy were commended.

The First North Carolina regiment votes to go to Cuba with the Seventh army corps. You can always rely on North Carolina soldiers to perform their duty.

The republican "insurgents," as they are pleased to call themselves, are having a great time in the eighth district. They have nominated Dr. J. O. Wilcox for congress, and in Forsyth county they have placed a full county and legislative ticket in the field. The insurgents are those who claim to be opposed to the regular organized republican machine.

## JUDGE ADAMS AGAIN.

**The Wilmington Star Has a Few Words to Say Concerning Him.**

Out of the more than 1,600,000 inhabitants in North Carolina he is the first man we have ever heard of to assert that any "courage" was required to commit a dastardly crime like that to lay in wait for some lone, helpless, weak, unprotected and unsuspecting child or woman, take her by surprise, strangle her, accomplish his purpose, perhaps climax the outrage by cutting her throat and then betake himself to cover to escape the punishment that he knows that will surely come if he is caught.

This requires courage, does it, rape, exterminating judge? Courage to attack a child or a helpless woman in a lonely place, beyond the call of friendly help? Is it courage when the blood-thirsty, hungry wild beast lays in wait for its unsuspecting prey, jumps on it and devours it? It may require courage for a highwayman to hold up a man in the road, because he confronts a man, and possibly a brave man who may be armed and defend himself, but that highwayman would be a hero compared with his fiend whose "courage" this late day, ermine-befouled tells a jury is an extenuation of his crime.

And he is one of the "non-partisan judiciary" that floated to the surface during the stirring of the waters. His party likes him so well that he was, with the aid of negro votes, renominated at Graham, Saturday, 13th inst. and it is expected that by some fusion deal, the populists of his district will support him. But we venture to say that while if he be elected at all it will be by the vote of that element which is most prone to the commission of the crime which he from the bench indirectly palliates, he would not, if he were to go upon the stump, make that speech in his district. He would not have the shameless effrontery to stand before his own people and make it—Wilmington Star.

## Spain's War Expenses.

Madrid, Aug. 25.—The Gazette gives the Cuba war expenses from January 1st to June 3rd as 447,369,450 pesetas.

The Queen Regent presided at today's cabinet council. The home situation was discussed and Senor Sagasta, the Premier, gave details of the capitulations of Manila and Santiago and explained the manner in which the Antilles will be evacuated. The cabinet council also discussed the situation of the army at Manila and sanctioned the dispatch of funds to Admiral Cervera and to Manila for the immediate needs of the Spanish prisoners.

Tranquility prevails throughout the peninsula. The landing of troops at Coruña continues. The men present a piteous spectacle. Eight died today.

## Will Remember Concord.

This (Thursday) morning two Mormon elders were at the depot on their way to a conference near Winston. For some time they have been at work in our county, having baptized Mr. Geo. Garmon, of near Flowe's, only a week or two ago. Mr. Garmon will be made an elder. One of the elders says he will always remember Concord. He is the man that received a blow or two on his head on Spring street several months ago.—Concord Standard.

About one month ago my child which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera, Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. For sale by C. E. Holton.

## TRICK THAT DIDN'T SUCCEED.

**Gen. Joe Wheeler's Attempt to Escape on a Bogus Parole.**

Major George F. Barnes, the ex-councilman, says the Paducah, Ky., Sun, relates an interesting story about General Joe Wheeler. During the late war Major Barnes was a major in the Federal army, and General Wheeler was lieutenant general in the Confederate service.

At the surrender of Athens Lieutenant General Wheeler was in the forces that surrendered, and desired to get over and join some other Confederate forces. He and several of his staff wrote out paroles and started toward the other camp. Major Barnes had his scouts out, and they met Wheeler and his men on the road and halted them. Wheeler said he was paroled and produced a parole in the name of "Lieutenant Sharpe."

The sergeant in charge of the scouting party read these papers and said: "These papers are not right." "You seem to doubt my veracity," said Wheeler, feigning great indignation.

"Well," replied the sergeant, "I happened to be your prisoner two weeks ago, General Wheeler, and know you. You treated me pretty nice, too, and I'm going to treat you nice. You'll have to go with me to headquarters." "They brought him and his staff before me," said Major Barnes, in relating the incident, "and Wheeler laughed heartily at his failure. He was a small man, with red hair and big freckles on his face, and you could see the dare devil in him from his chin to his scalp. I afterward wrote him a parole."

## A New Chance in Life.

There is an institute at Greensboro that is not under the control of any church or of the state either. But it is doing the work of Christ in casting out demons, even the demon of drunkenness. There is hardly a better work that a minister or liberal hearted Christian can do than to send some poor drunkard to Keeley Institute and give him another chance for his life and his soul. The immortal quality of drunkenness is not questioned when it is shown that drunkenness becomes a disease. It is an undoubted fact that the Keeley Institutes cures the disease and gives a man a new chance in life. Testimony to this fact is abundant enough.—N. C. Presbyterian.

## The Best Remedy for Flux.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by C. E. Holton.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by C. E. Holton.

## What It Means.

When we advertise that we will guarantee Dr. King's New Discovery, Electric Bitters, Bucklen's Arnica Salve, or Dr. King's New Life Pills, it means that we are authorized by the proprietors to sell these remedies on a positive guarantee, that if purchaser is not satisfied with results, we will refund the purchase price. These medicines have been sold on this guarantee for many years and there would be no more conclusive evidence of their great merit. Ask about them and give them a trial. Sold at C. E. Holton's drug store.

## Col Hamilton Jones Says:

Charlotte, N. C., April 5, 1895.  
Mrs. Joe Person.  
Madam—Last year I was afflicted  
with some skin trouble affecting my  
feet, pronounced by my physician to  
be erythema. I was confined to my  
room for some six months, and was  
after trying many remedies without  
effecting a cure, I resorted to your  
remedy. After using three bottles I  
began to improve and before I had  
finished the fifth or sixth bottle I was  
practically free of the trouble. Once  
since then there occurred symptoms of  
its return, when I again resorted to  
your remedy and again the trouble  
disappeared. I believe I am indebted  
to you for relief from a very serious  
affliction. Yours truly,

## Law Department Postponed.

The trustees of Trinity College have  
not been able to arrange for the de-  
partment of law, as they desired. It  
is the purpose of the trustees to or-  
ganize a law school on a broad basis,  
and to employ on the best talent in the  
law faculty.

The executive committee has done  
everything it could to carry out the  
wishes of the trustees, but has not  
been able to do so, and therefore  
think it best to postpone the organiza-  
tion of this department to another  
year, and hence they make this an-  
nouncement to the public.

Respectfully,  
E. J. Parrish,  
Ch'm'n. Executive Committee.

## Vance on the Negro.

Zeb Vance, in a memorable speech  
in the United States senate before his  
death, January 30th, 1890, in speak-  
ing of the negro as a citizen and office  
holder in the south, he said:

"Since their admission to citizen-  
ship they have been elected to both  
branches of congress and have occu-  
pied almost every position under state  
authority. They have controlled en-  
tire states, counties and municipalities  
and in every instance their rule was  
marked by failure and ruin. It was a  
war against property, intelligence and  
respectability. The few years of their  
misrule in the south will be forever  
remembered in our history for their  
corruption, retrogression and will con-  
stitute a damnable blot on those who  
authorized it, and who looked on with  
complacency so long as the thieves  
were republicans, the victims were dem-  
ocrats."—Oxford Public Ledger.

statistics show that nerve deaths  
number one-fourth of all deaths  
recorded, the mortality being main-

## TO GO TO HAVANA.

First N. C. Regiment Among Those  
That Vote to Go.

Jacksonville, Fla., Aug. 24.—An or-  
der has been issued through Camp  
Cuba Libre by which the question of  
each regiment going on the campaign  
to Havana with the Seventh army  
corps is to be left to the colonel of  
each. The method of reaching this  
decision was left to the commanding  
officers of the regiments to decide and  
it is presumed that each colonel will  
use his best judgment in reaching his  
decision. Whether it will be left to a  
vote of the officers or of the members  
of the regiments at large, will prob-  
ably be a matter of option.

It is likely that the desire of the  
government and of the army authori-  
ties is to test the sentiment of the var-  
ious regiments of the corps, thus  
early in advance of the probable time  
of moving in order that should there  
be any vacancies in the corps, other  
than those which now exist, they may  
be filled before the time shall come for  
occupying Havana next month or in  
October. The Seventh army corps  
still lacks five regiments of being com-  
plete, which are to be filled by regi-  
ments to be sent from other camps of  
instruction. Should more than five  
regiments be needed they may be or-  
dered to join the Seventh corps here.

A meeting of the officers of the First  
North Carolina regiment was held last  
night and it was reported that all had  
voted to go to Cuba. The Second bri-  
gade of the third division, comprising  
the Sixth Missouri, Fourth Illinois  
and First South Carolina regiments,  
have all voted to go to Cuba with the  
Seventh corps.

A special dispatch from Brunswick,  
Ga., in yesterday's Atlanta Constitution  
stated that many members of the  
Second North Carolina "are kicking  
against the action of their officers in  
tendering their services to the war de-  
partment for garrison duty without  
consulting the enlisted men and say  
they are opposed to staying in the  
service any longer."

When the Constitution correspon-  
dent visited headquarters and laid the  
situation before Colonel Burgwyn, he  
said:

"The officers of the regiment now in  
this camp held a meeting several days  
ago and decided that they wanted to  
stay in the service. Acting upon the  
result of that meeting, Lieutenant Col-  
onel Cowles has gone to Washington  
to confer with the department and ask  
that the Second North Carolina be al-  
lowed to stay in the service and not be  
mustered out, as the Washington Post  
announced several days ago they would  
be. I have not put the question to the  
men as yet, but have assurances from  
a reliable source that a majority of  
the men would like to stay in the ser-  
vice. Of course it all depends on the  
result of Lieutenant Colonel Cowles' visit  
to Washington, as to what we  
will do. If he finds that the reports  
are erroneous, then there will be no  
use in protesting to the department  
against their being mustered out. I  
understand there are some in the regi-  
ment that object to remaining in the  
service longer, and want to return to  
their business. I have no doubt that  
these gentlemen can be accommodated,  
and that some way will be provided  
for them to do so. Now that the fight-  
ing is over, I do not think the depart-  
ment will be unreasonable at all, even  
if viewed from a very extreme stand-  
point, but will allow all whose affairs  
need them to go and look after their  
business. At the same time these gen-  
tlemen must not presume to speak for  
the regiment as a whole. There are  
many good men in here who want to  
stay in the service, and the places of  
those who leave can be easily filled  
with new recruits. If the war depart-  
ment will keep the North Carolinians  
in the service, I think all matters of  
enlistment can be satisfactorily ar-  
ranged."

games are being played this afternoon  
at the Blandwood Court. Messrs. Gar-  
land Daniel, of grade B, and Herman  
Buchanan, of grade E; W. Ballard,  
of grade D, and R. D. Douglas, of  
grade B, are playing the opening  
game.

Now that the season is at hand for  
the schools and colleges to reopen it  
is well to look after the eyes of the  
boys and girls. If they need glasses  
they should have them fitted by a com-  
petent eye specialist. That Dr. J. T.  
Johnson is entirely competent his re-  
putation fully justifies us in saying. See  
his new ad in this paper.

#### Into a Lime Pit.

Two colored men who are employed  
to work on the depot, thoughtlessly  
walked into a lime pit at noon today.  
The pit is full of slaked lime and is  
covered with a light coat of sand  
which gives it the appearance of a pile  
of sand. The men walked almost to  
the middle of the pit sinking nearly to  
their knees at every step. They cre-  
ated a good deal of laughter by their  
scrambles to get out and when they  
did reach their native soil again an-  
other colored man seized the hose and  
turned the water on their legs to wash  
the lime off. They quickly removed  
their shoes and everything was over  
before the lime could do any damage  
to their feet.

corporate limits who intend to enter  
the city schools next Thursday and

and 30th, from 9 a. m. to 1 p. m., in  
the Lindsay street school.

sion will be examined on Thursday.

### A Young Bride.

A marriage took place here yester-  
day in which the contracting parties  
were aged 28 and 13 respectively. Mr.  
Bruce W. Story was united in the  
holy bonds of matrimony to Miss Min-  
nie Ferrell. The marriage license  
said the young lady was 15 years of  
age, but 'Squire Fritchett, who per-  
formed the ceremony, says the mother  
of the bride had her Bible along and  
according to it the bride was 13 years  
old. It was a forced marriage and  
the mother had come along to see that  
the enforcement was observed. The  
marriage was witnessed by Sheriff  
Hoskins, Deputy Sheriff Davis and  
Col. John A. Barringer.
